In this picture we can see a person on apainting a message on the wall. This message is located next to a camera and is acriticism of the UK because of the huge number ofcameras that can be found there. What is interesting in this graffiti lies in the irony of the people taking pictures thusmore cameras to the governmental one.

This picture isindeed. It shows a dog with a heavytrying to shoot a phonograph. Actually this graffiti is aof a logo for a music company called HMV,His Master's Voice. The story goes that the dog represented on the logo actually..... to his master's voice which had been recorded. Here the dog seems to beagainst his master and maybe against the music industry.

The man represented in this graffiti seems to be a violent, hiding his face under a to throw a bomb, a grenade or a Molotov cocktail. However the violent image is completelybecause the man becomes a symbol of peace. He is throwing a..... of flowers, just as the Hippies used to do in the 1960s toagainst the war. It was called the Flower Power. The same idea ishere.

In this picture ais washing away the graffiti on the wall as is commonly done with street art. Here however the graffiti are, which are a major heritage to..... Banksy is drawing a parallel between modern day graffiti and prehistoric art, thus insisting on the..... of this form of art for humanity and suggesting that it should be treated with more respect and care.
